THE OUT-OF-THE-BOX CLEANERS

# Building Owners / Property Managers

---

The best thing to happen to your lobby since the front door was invented.

---

Bringing a Five Star Cleaners bizzie box system to your property adds service and convenience for your tenants so they can get back to their bizzie lives.

# Building Owners / Property Managers

---

The bizzie box system is:

- self-managing
- secure
- 24/7 access
- requires no electricity
- installs easily

It is like putting in your own private Five Star Cleaners dry cleaning and laundry service for your tenants.

# Building Owners / Property Managers

---

As building owners and property managers know, amenities are the key to leasing.

---

Now you can add additional services with no overhead cost, no customer service management and it fits into a space you are not currently using.

The system is easy to have installed,  
and can fit in:

“

The Lofts of Merchants Row is a premier loft community in downtown Detroit. We enjoy a status of unsurpassed customer service and boast high end amenities within our community. We feel fortunate to feature bizzie as one of our amenities. **bizzie never fails to impress a prospective resident during a tour**, and our current residents are continuously complimentary and grateful to have this service on-site. I am personally impressed with the customer service from each and every bizzie representative that I have come in contact with. Thank you, bizzie, for being such a valued asset to our property!

“

We have bizzie in 2 of our downtown residential properties.

**Since many of our tenants work past 6pm, they like that they can pick up or drop off their dry cleaning at any time.** We placed the bizzie boxes in the lobby area at Garden Court Condominiums as well as at Lofts @ Woodward a loft apartment community located in the heart of downtown Detroit.

Our tenants appreciate the convenience and it's always a hit when we are showing one of our properties to potential tenants. A fabulous amenity for any apartment/condo community!

“

We're so very pleased to have bizzie as our in-house dry cleaning and laundry service.

As you know, we have lockers in both the main Atrium of our building as well as in the Executive garage. **Feedback from our colleagues has been overwhelmingly positive, especially regarding speed of service and convenience.**

Thank you again for all your help in getting us set up with bizzie and for the additional follow-up from your team in promoting the service and helping colleagues get accounts set up.

“

We have placed the bizziebox system on the first floor in our headquarter building. Our tenants and employees are very happy with the convenience, quality and service. **We are happy to offer the 24/7 dry cleaning access on site as a property amenity to all employees/tenants in the building.**

I would recommend this innovative way of doing dry cleaning for commercial properties as well as buildings that are of the same caliber as the Compuware Building.
